

Memorandum

Date: September 16, 2014

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Agenda Item No. 8(G)(1)

Subject: Interlocal Agreement in the Amount of \$3,170,463 with the Miami-Dade County School Board for the Provision of Drivers' Education

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Interlocal Agreement between the County and the Miami-Dade County School Board (School Board) for the provision of Drivers' Education by the School Board in the amount of \$3,170,463. This amount will be paid from the Driver's Education Safety Trust Fund (Trust Fund) available for the period of October 1, 2012 to September 30, 2013, and provides for payment in arrears for services rendered during that period.

Scope

The impact of this item is countywide in nature as Driver's Education programs are provided in public schools throughout the County.

Fiscal Impact/Funding Source

There is no fiscal impact to the County with the approval of this item.

Pursuant to the Dori Slosberg Driver Education Safety Act, 318.1215, Florida Statutes, effective October 1, 2002, the Board approved Ordinance No. 02-167 on September 24, 2002, creating the Driver's Education Safety Trust Fund. The Ordinance also required the Clerk of the Court to collect an additional \$3.00 with each civil traffic penalty to be used to fund traffic education programs, and directed the Administration to develop selection procedures for adoption by the Board for the award of grants to Driver Education Programs.

The significant increase in the amount requested from the previous year (which was \$2,519,619.35) is due to the School Board's decision to again provide Driver's Education programs in high schools as opposed to just their adult education facilities. Funding covers all costs associated with providing classroom and behind the wheel instruction to students at thirty-seven public high schools throughout the County.

Track Record/Monitor

Pursuant to resolutions R-618-03 and R-864-04, the Board approved selection procedures, including criteria, for the distribution of grants from the Trust Fund. To date, the School Board has been the only recipient of funding from the Trust Fund since FY 2003-2004. The Office of Management and Budget, Grants Coordination Division will be responsible for monitoring this Interlocal Agreement.

Background

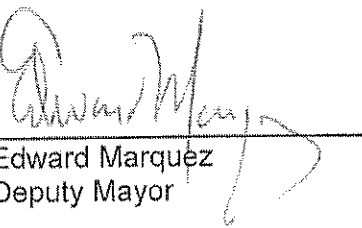

The selection procedures for the Trust Fund require the County to advertise the availability of Driver's Education Safety Trust Fund grants and request letters of interest from qualified organizations. The adopted criteria require the following:

- grant funds support driver's education programs offered by a public school system or nonprofit private school;

- private driving schools established principally for the purpose of driver education are not eligible; curriculum must include behind the wheel experience;
- driver's education must be offered to private as well as public school students;
- grantee must agree to provide appropriate accountability and reporting procedures; and
- funds may not be used for administrative/overhead expenses.

The adopted procedures further require that if only one letter of interest from a qualified organization is received, then the County Mayor or the County Mayor's designee will negotiate an agreement and submit it to the Board for approval. For this cycle, the School Board was the only eligible organization to submit a letter of interest.

B. All Other Providers. C. Term of Indemnification. The provisions of Article 6 shall survive the expiration or termination of this Contract.

ARTICLE 7. INSURANCE

If the total dollar value of all County contracts with the Provider exceeds \$25,000 then the following insurance coverage is required:

A. **Government Entity.** If the Provider is the State of Florida or an agency or political subdivision of the State as defined by section 768.28, Florida Statutes, the Provider shall furnish the County, upon request, written verification of liability protection in accordance with section 768.28, Florida Statutes. Nothing herein shall be construed to extend any party's liability beyond that provided in section 768.28, Florida Statutes. The provider shall also furnish the County, upon request, written verification of Workers Compensation protection in accordance with Florida Statutes, Chapter 440.

B. **All Other Providers.**

1. **Minimum Insurance Requirements: Certificates of Insurance.** The Provider shall submit to Miami-Dade County, c/o Office of Management and Budget (OMB), 111 N.W. 1st Street, 19th Floor, Miami, Florida 33128-1894, original Certificate(s) of Insurance indicating that insurance coverage has been obtained which meets the requirements as outlined below:

If the SERVICE PROVIDER's original total combined award is less than \$25,000, but the SERVICE PROVIDER receives additional funding during the contract period which makes the total combined award exceed \$25,000, then the requirements in this section shall apply.
- J. Failure to Provide Certificates of Insurance. The Contractor shall be responsible for assuring that the insurance certificates required in conjunction with this Section remain in force for the duration of the effective term of this Agreement (October 1, 2013 through September 30, 2014). If insurance certificates are scheduled to expire during the effective term, the Provider shall be responsible for submitting new or renewed insurance certificates to the County prior to expiration.

In the event that expired certificates are not replaced with new or renewed certificates which cover the effective term, the County may suspend the Agreement until such time as the new or renewed certificates are received by the County in the manner prescribed herein; provided, however, that this suspended period does not exceed thirty (30) calendar days. Thereafter, the County may, at its sole discretion, terminate this Agreement.

ARTICLE 8. PROOF OF LICENSURE AND BACKGROUND SCREENING

A. Licensure. If the Provider is required by the State of Florida or Miami-Dade County or any law or regulation to be licensed or certified to provide the services or operate the facilities outlined in the Scope of Services (Attachment A), the Provider shall furnish to the County a copy of all required current licenses or certificates. Examples of services or operations requiring such licensure or certification include but are not limited to childcare, day care, nursing homes, and boarding homes.

If the Provider fails to furnish the County with the licenses or certificates required under this Section, the County shall not disburse any funds until it is provided with such licenses or certificates. Failure to provide the licenses or certificates within sixty (60) days of execution of this Agreement may result in termination of this Agreement at the County's discretion.

B. Background Screening. The Provider agrees to comply with all applicable laws, regulations, ordinances, and resolutions regarding background screening of employees, subcontracted personnel, and volunteers. Provider's failure to comply with any applicable laws, regulations, ordinances, and resolutions regarding background screening of employees, subcontracted personnel, and volunteers is grounds for a material breach and termination of this contract at the sole discretion of the County.

The Provider agrees to comply with all applicable laws (including but not limited to Chapters 39, 402, 409, 394, 408, 393, 397, 984, 985, and 435, Florida Statutes, as may be amended from time to time), regulations, ordinances, and resolutions regarding background screening for those who may work with vulnerable persons, as defined by section 435.02, Florida Statutes, as may be amended from time to time.

In the event criminal background screening is required by law, the State of Florida and/or the County, the Provider will permit only employees, subcontractors, and volunteers with a satisfactory national criminal background check through an appropriate screening agency (i.e., the Florida Department of Juvenile Justice, Florida Department of Law Enforcement, or Federal Bureau of Investigation) to work in direct contact with vulnerable persons.

The Provider agrees to ensure that employees, subcontracted personnel, and volunteers who work with vulnerable persons satisfactorily complete and pass Level 2 background screening before working with vulnerable persons. Provider shall furnish the County with proof that employees, subcontracted personnel, and volunteers who work with vulnerable persons, satisfactorily passed Level 2 background screening, pursuant to Chapter 435, Florida Statutes, as may be amended from time to time.

The Provider agrees to update the background checks of its staff, subcontractors, and volunteers at least once every five (5) years, or sooner if required by law.

If the Provider fails to furnish to the County proof that an employee, subcontractor, or volunteer's Level 2 background screening was satisfactorily passed and completed prior to that employee, subcontractor, or volunteer working with a vulnerable person or vulnerable persons, the County shall not disburse any further funds and this Contract may be subject to termination at the sole discretion of the County.

ARTICLE 9. CONFLICT OF INTEREST

A. The Provider agrees to abide by and be governed by Miami-Dade County Ordinance No. 72-82 (Conflict of Interest Ordinance codified at Section 2-11.1 et al. of the Code of Miami-Dade County), as amended, which is incorporated herein by reference as if fully set forth herein, in connection with its contract obligations hereunder.

B. No person under the employ of the COUNTY, who exercises any function or responsibilities in connection with this Agreement, has at the time this Agreement is entered into, or shall have

during the term of this Agreement, any personal financial interest, direct or indirect, in this Agreement.

C. No person, including but not limited to any officer, board of directors, manager, or supervisor employed by the Provider, who is in the position of authority, and who exercises any function or responsibilities in connection with this Agreement, has at the time this Agreement is entered into, or shall have during the term of this Agreement, received any of the services, or direct or instruct any employee under their supervision to provide such services as described in the Agreement. Notwithstanding the before mentioned provision, any officer, board of directors, manager or supervisor employed by the Provider, who is eligible to receive any of the services described herein may utilize such services if he or she can demonstrate that he or she does not have direct supervisory responsibility over the Provider's employee(s) or service program.

D. In accordance with County Ordinance No. 08-113, and the Code of Miami-Dade County Section 2-8.1.1, collusion in bidding for County contracts is prohibited. Two (2) or more related parties shall be presumed collusive if each submits a bid or proposal for any County purchases of supplies, materials and services (including professional services, other than professional architectural, engineering and other services subject to Sec. 2-10.4 and Sec. 287.055 Florida Statutes), lease, permit, concession or management agreements regardless of the value of the contract being solicited. The Provider is required to submit an affidavit (see Attachment C of this Agreement) regarding their relation to other bidders for similar purchases or services, except those excluded from this provision.

ARTICLE 10. CIVIL RIGHTS

The Provider agrees to abide by Chapter 11A of the Code of Miami-Dade County ("County Code"), as amended, which prohibits discrimination in employment, housing and public accommodations on the basis of race, creed, religion, color, sex, familial status, marital status, sexual orientation, pregnancy, age, ancestry, national origin or handicap; Title VII of the Civil Rights Act of 1968, as amended, which prohibits discrimination in employment and public accommodation; the Age Discrimination Act of 1975, 42 U.S.C. §6101, as amended, which prohibits discrimination in employment because of age; the Rehabilitation Act of 1973, 29 U.S.C. §794, as amended, which prohibits discrimination on the basis of disability; the Americans with Disabilities Act, 42 U.S.C. §12101 et seq., which prohibits discrimination in employment and public accommodations because of disability; the Federal Transit Act, 49 U.S.C. §1612, as amended; and the Fair Housing Act, 42 U.S.C. §3601 et seq. It is expressly understood that the Provider must submit an affidavit attesting that it is not in violation of the Acts. If the Provider or any owner, subsidiary, or other firm affiliated with or related to the Provider is found by the responsible enforcement agency, the Courts or the County to be in violation of these acts, the County will conduct no further business with the Provider.

Any contract entered into based upon a false affidavit shall be voidable by the County. If the Provider violates any of the Acts during the term of any contract the Provider has with the County, such contract shall be voidable by the County, even if the Provider was not in violation at the time it submitted its affidavit.

The Provider agrees that it is in compliance with the Domestic Violence Leave, codified as § 11A-60 et seq. of the Miami-Dade County Code, which requires an employer, who in the regular course of business has fifty (50) or more employees working in Miami-Dade County for each

working day during each of twenty (20) or more calendar work weeks to provide domestic violence leave to its employees.

Failure to comply with this local law may be grounds for voiding or terminating this Agreement or for commencement of debarment proceedings against Provider.

ARTICLE 11. NOTICE REQUIREMENTS

Furthermore, the Provider's agents and employees are not agents or employees of the County.

ARTICLE 13. SURVIVAL

The parties acknowledge that any of the obligations in this agreement, including but not limited to Provider's obligation to indemnify the County, will survive the term, termination, and cancellation hereof. Accordingly, the respective obligations of the Provider under this agreement, which by nature would continue beyond the termination, cancellation or expiration thereof, shall survive termination, cancellation or expiration hereof.

Waiver of breach of any provisions of this Contract shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement.

B. County Remedies. If the Provider breaches this Agreement, the County may pursue any or all of the following remedies:

1. The County may terminate this Agreement by giving written notice to the Provider of such termination and specifying the effective date thereof. In the event of

termination, the County may: (a) request the return of all finished or unfinished documents, data studies, surveys, drawings, maps, models, photographs, reports prepared and secured by the Provider with County funds under this Agreement (b) seek reimbursement of County funds allocated to the Provider under this Agreement; (c) terminate or cancel any other contracts entered into between the County and the Provider. The Provider shall be responsible for all direct and indirect costs associated with such termination, including attorney's fees;

2. The County may suspend payment in whole or in part under this Agreement by providing written notice to the Provider of such suspension and specifying the effective date thereof, at least five (5) days before the effective date of suspension. If payments are suspended, the County shall specify in writing the actions that must be taken by the Provider as condition precedent to resumption of payments and shall specify a reasonable date for compliance. The County may also suspend any payments in whole or in part under any other contracts entered into between the County and the Provider. In accordance with County Administrative Order No. 3-29, the Provider that is in arrears to the County is prohibited from obtaining new County contracts or extensions of contracts until such time as the arrearage has been paid in full or the County has agreed in writing to an approved payment plan.

It is the responsibility of the Provider to maintain sufficient financial resources to meet the expenses incurred during the period between the provision of services and payment by the County.

Failure to submit reimbursement requests with supporting documentation in a manner deemed correct and acceptable by the County shall be considered a breach of this Agreement and may result in termination of this Agreement.

F. **Final Request for Payment.** A final request for payment from the Provider will be accepted by the OMB up to thirty (30) days after the expiration of this Agreement. If the Provider fails to comply, all rights to payment shall be forfeited. The request for the final payment may include accruals of the personnel costs listed in Attachment C, which the Provider is obligated to pay after the close of the period for services provided within the term of the Agreement.

The IG shall have the power to subpoena witnesses, administer oaths and require the production of records. Upon ten (10) days written notice to the Provider from IG, the Provider shall make all requested records and documents available to the IG for inspection and copying.

The IG shall have the power to report and/or recommend to the Board of County Commissioners whether a particular project, program, contract or transaction is or was necessary and, if deemed necessary, whether the method used for implementing the project or program is or was efficient both financially and operationally. Monitoring of an existing project or program may include reporting whether the project is on time, within budget and in conformity with plans, specifications, and applicable law. The IG shall have the power to analyze the need for, and reasonableness of, proposed change orders.

The IG may, on a random basis, perform audits on all County contracts throughout the duration of said contract (hereinafter "random audits"). This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the Provider under this contract will be assessed one quarter (1/4) of one percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless this Contract is federally or state funded where federal or state law or regulations preclude such a charge. The Provider shall in stating its agreed prices be mindful of this assessment, which will not be separately identified, calculated or adjusted in the proposed budget form.

The IG shall have the power to retain and coordinate the services of an independent private sector inspector general (IPSIG) who may be engaged to perform said random audits, as well as audit, investigate, monitor, oversee, inspect, and review the operations, activities and performance and procurement process including, but not limited to, project design, establishment of bid specifications, bid submittals, activities of the contractor, its officers, agents and employees, lobbyists, County staff and elected officials in order to ensure compliance with contract specifications and detect corruption and fraud.

Nothing in this Agreement shall impair any independent right of the County to conduct audit or investigative activities. The provisions of this section are neither intended nor shall they be construed to impose any liability on the County by the Provider or third parties.

- 1) If the Provider will cause any part of this Agreement to be performed by a Subcontractor, the provisions of this Agreement will apply to such Subcontractor and its officers, agents and employees in all respects as if

it and they were employees of the Provider; and the Provider will not be in any manner thereby discharged from its obligations and liabilities hereunder, but will be liable hereunder for all acts and negligence of the Subcontractor, its officers, agents, and employees, as if they were employees of the Provider. The services performed by the Subcontractor will be subject to the provisions hereof as if performed directly by the Provider.

- 2) The Provider, before making any subcontract for any portion of the services, will state in writing to the County the name of the proposed Subcontractor, the portion of the Services which the Subcontractor is to perform, the place of business of such Subcontractor, and such other information as the County may require. Such Services performed by such Subcontractor will strictly comply with the requirements of this Agreement.
- 4) In order to qualify as a Subcontractor satisfactory to the County in its sole discretion, in addition to the other requirements herein provided, the Subcontractor must be prepared to prove to the satisfaction of the County that it has the necessary facilities, skill and experience, and ample financial resources to perform the Services in a satisfactory manner. To be considered skilled and experienced, the Subcontractor must show to the satisfaction of the County in its sole discretion that it has satisfactorily performed services of the same general type which is required to be performed under this Agreement.
- 5) The County shall have the right to withdraw its consent to a subcontract if it appears to the County that the subcontract will delay, prevent, or otherwise impair the performance of the Contractor's obligations under this Agreement. All Subcontractors are required to protect the confidentiality of the County's and County's proprietary and confidential information. Provider shall furnish to the County copies of all subcontracts between Provider and Subcontractors and suppliers hereunder. Within each such subcontract, there shall be a clause for the benefit of the County permitting the County to request completion of performance by the Subcontractor of its obligations under the subcontract, in the event the County finds the Contractor in breach of its obligations, the option to pay the Subcontractor directly for the performance by such subcontractor. Notwithstanding, the foregoing shall neither convey nor imply any obligation or liability on the part of the County to any subcontractor hereunder as more fully described herein.

B. If this Agreement involves the expenditure of \$100,000 or more by the County and the Provider intends to use subcontractors to provide the services listed in the Scope of Service (Attachment A) or suppliers to supply the materials, the Provider shall provide the

names of the subcontractors and suppliers on the form attached as Attachment H. Provider agrees that it will not change or substitute subcontractors or suppliers from those listed in Attachment I without prior written approval of the County.

- f) Miami-Dade County Ordinance 99-152, prohibiting the presentation, maintenance, or prosecution of false or fraudulent claims against Miami-Dade County.

Notwithstanding any other provision of this Agreement, Provider shall not be required pursuant to this Agreement to take any action or abstain from taking any action if such action or abstention would, in the good faith determination of the Contractor, constitute a violation of any law or regulation to which Contractor is subject, including but not limited to laws and regulations requiring that Contractor conduct its operations in a safe and sound manner.

OVERVIEW OF MIAMI-DADE COUNTY PUBLIC SCHOOLS' DRIVER EDUCATION PROGRAM

Miami-Dade County Public Schools (M-DCPS) serve the students of Metropolitan Miami-Dade County, which includes the City of Miami, 27 outlying municipalities, and a large unincorporated area. M-DCPS has a total population of over 353,000 students. This places M-DCPS as the fourth largest school district in the United States, and the largest school district in Florida. To more efficiently serve the needs of its 435 schools, the district is divided into four administrative regions supervised by Regional Centers.

Currently, driver education is offered in the district's traditional senior high schools. Driver education is offered numerous periods per day, five days per week. Depending on the school site, these classes have the option of being offered in the afternoon, immediately following the conclusion of the regularly scheduled school day, in the evening, or on Saturdays each trimester. Private school students, as well as public school students, whose senior high schools do not offer driver education, may enroll in these classes at no cost. Driver education is offered both semesters of the regular school year as a one semester, elective course.

For fiscal year 2012-2013, there were 1,689 students enrolled in the Drivers' Ed Program and the classes were offered at the schools listed below:

DRIVER EDUCATION CLASSROOM CURRICULUM

I. Students will be taught a basic knowledge of a Highway Transportation System (HTS), its purpose, major elements, effectiveness, and the roles by various components in the system.

Specifically, they will be able to identify the three major elements of the Highway Transportation System, how the success of each of the three major elements is dependent upon the other two and how to identify these methods by which the Highway Transportation System's effectiveness can be measured. They will be able to define the sub-systems that have been established to manage the Highway Transportation System and their purpose. The students will learn the economic and social consequences resulting from breakdowns in the Highway Transportation System and the "multiple causes" theory of collisions as well as the rationale for using the term "collision" rather than "accident". Students will compare age group collision statistics and identify ways to improve the records for each grouping.

II. Students will be taught methods of basic control of the vehicle and be able to demonstrate this basic skill. Included will be exterior and interior pre-driving checks, control of motion and direction, and basic maneuvers.

Specifically, they will be taught to execute exterior and interior pre-driving checks and the steps a driver should take in starting the engine. They will learn the standard identity and location of each item found on the instrument panel and describe its function. This will include the function of each device used for safety, visibility, communication, and comfort in a standard passenger vehicle, correct procedures for starting the engine, placing the vehicle in motion, and stopping it safely will be taught. They will be taught the techniques of proper steering for forward and reverse driving. They will learn the steps for making correct lane changes, and how to make a right and left turn at an intersection. The steps used to park a vehicle parallel, angled, and perpendicular to the curb or road way, will be covered as well. Students will learn the advantages and disadvantages for selecting maneuvers and procedures used in reversing the direction of a vehicle.

III. Students will learn to understand, interpret and react properly when exposed to signs, signals, and pavement markings.

Specifically, students will learn to classify traffic signs into the categories of regulatory, warning, and information/guide as well as interpret and react properly when exposed to these traffic signs. They will be able to define the meaning of the different shapes, colors, and international symbols used to code traffic signs. The ability to describe the appropriate actions used to obey the legal and practical implications of regulatory and warning signs will be taught. They will

learn to identify and describe traffic control signals that regulate traffic flows or warn drivers and/or pedestrians of hazards and to identify and describe the system that controls traffic light changes. Students will be able to identify the types of pavement markings by color, configuration, and direction and their importance when planning one's actions.

IV. Students will learn to identify potential hazard that may happen in regard to each possible danger based on minimum risk, and demonstrate appropriate execution of these decisions.

Specifically, the definition of the term "hazard" as used in the Highway Transportation System will be taught. Students will learn the categories from which hazards are identified within the driving scene and learn the scanning techniques for identifying clues to potential hazards within the driving scene. Students will learn the skills to predict potential outcomes of hazards within the driving scene. They will learn the importance of making accurate decisions to minimize the risk of potential hazards. Students will learn the relationship between the physical process of executing the decision and the mental processes which preceded the action. They will learn the five possible actions a driver employs to execute decisions about changes in speed, lane position, and planned path of travel. Strategies used to implement the I.P.D.E. (Identify, predict, decide, execute) process of defensive driving will be emphasized.

V. Students will be taught to understand the management of space requirements under all driving situations.

Specifically, they will learn about the relationship between the correct positioning of a vehicle and collision prevention. Discussions will be conducted regarding the techniques used to maintain a two-second interval of space between vehicles as well as situations when a two-second interval is not sufficient. Students will learn the disadvantages of following too closely as related to visibility, maneuverability, and stopping along with the actions that can be taken to reduce the possibilities of rear-end collisions. Students will learn the actions a driver can take to minimize the danger of oncoming traffic and the conditions that may cause the oncoming vehicle to cross the center line. Specific clues to look for when following vehicles that alert the driver to reduce speed and implement the I.P.D.E. requirements for a safe following distance will be covered. The use of "compromising" as a strategy for maintaining lateral space will be reviewed as well.

VI. Students will learn procedures required to effectively control and take proper actions in emergency situations.

Specifically, they will learn the two sources of driving emergencies, the actions to take if any of the following occurs: (1) the brakes or the steering system should fail, (2) if forward vision becomes blocked, (3) if a tire has a blowout, (4) if the accelerator sticks, (5) if the vehicle catches fire, (6) if there is vehicle power failure, (7) if experiencing loss of traction, (8) the recovery action to take if the vehicle runs off the road, (9) the actions a driver may take to avoid a head-on

crash and (10) how to avoid a side-impact collision and minimize the effects of a collision.

VII. Students will learn measures necessary to correct and minimize the effects of temporary or permanent physical defects or limitations.

Specifically, they will learn how temporary or permanent disabilities affect a person's abilities to perform the I.P.D.E. steps of the driving task, the visual abilities a driver must possess and how each applies to the various driving environments. Students will learn how a driver can compensate for impairments in visual acuity, peripheral vision, depth perception, color vision, glare recovery, and hearing. The characteristics of carbon monoxide and the ways carbon monoxide might enter a vehicle's driving compartment as well as symptoms and appropriate first aid regarding carbon monoxide poisoning will be covered.

VIII. Students will learn their legal and moral responsibilities at the scene of highway collisions.

Specifically, they will learn what Florida laws require of drivers involved in traffic collisions and the legal and moral responsibilities a person should assume at the scene of traffic collisions. Discussion will be centered on what actions may be used to assist injured victims at the scene of traffic collisions and the step-by-step procedures to follow at the scene of traffic collisions.

IX The student will learn how attitudes and emotions affect driving decisions.

Specifically, they will learn how emotions may affect a person's ability to perform each I.P.D.E. step of the driving task and the physical changes that may occur when a person is affected by strong emotions. The emotions that most often impair driving will be identified and how they can affect driving performance and a driver's decision-making regarding risk acceptance. Students will learn some techniques that can be used to cope with emotions while driving. They will learn how passenger emotional maturity may affect a driver and some techniques that may be used to assist the driver. A comparison of personality traits of drivers who have a collision history verses those free of violations will be discussed.

X. Students will learn the importance of vehicle maintenance that promotes safe and efficient operation.

Specifically, they will learn the meaning and importance of preventive maintenance for car owners and how to identify and explain the functions of the different systems of an automobile. The warning signs which indicate the need for repair, replacement, or maintenance of the different systems of a car will be identified. Students will learn the Florida laws regarding the responsibility of the motorist to keep their car in a safe-driving condition and ways to find competent mechanics to repair and maintain the car. Driving practices that can help reduce the amount of fuel used per mile and information regarding the various types of tires, how to maintain them, and rules for replacing them will be discussed.

XI. Students will learn about their responsibility to comply with laws which apply to drivers as well as owners of motor vehicles.

Specifically, they will learn the primary purpose of the requirements of driver licensing, the procedures and requirements for obtaining a restricted, regular, chauffeurs and motorcycle license in the State of Florida. The legal requirements for purchasing and selling a motor vehicle in Florida will be reviewed. Students will learn about the different types of vehicle insurance coverage and the Florida Financial Responsibility Law. Problems and responsibilities of vehicle ownership for a high school student will be discussed. Students will learn why traffic laws exist and what would happen if there were no traffic laws along with how the Florida point system for traffic law works. The relationship of natural laws and legislated laws regarding speed, following distance, and required vehicle equipment will be covered.

XII. Students will learn the principles and practices related to using a motor vehicle for a long trip.

They will learn about the important vehicle maintenance checks that should be executed along with the personal preparations that should be made prior to a long trip. They will learn what emergency equipment and supplies to take on a long trip. They will learn to use and to value a road map in trip planning. Factors to consider when selecting the safest, most convenient and least costly routes for short, long, and overnight trips will be covered. The proper way to load a car, truck, trailer, motorcycle, and other recreational vehicles along with the precautions a driver should take when towing a trailer will be discussed.

XIII. Students will learn the basic operation and interaction of motorcycles and other two wheeled vehicles on the Highway Transportation System.

SUBJECT: Ordinance pertaining to
traffic and motor vehicles

FROM: Steve Shiver
County Manager

The proposed ordinance pertaining to traffic and motor vehicles imposes a \$3 assessment on civil traffic penalties excluding parking tickets. The money will be used by schools to enhance Driver Education Programs and will have a positive fiscal impact to Miami-Dade County. Should the assessment become mandatory, it is estimated that collections would be approximately \$1.2 million. However, should this assessment not become mandatory, then actual collections could be much lower. Furthermore, in the first year of its inception, some costs would be incurred to cover programming activities required for system changes to capture this fee. At this moment, the programming costs are still being assessed by the Clerk's office.

SUBJECT: Driver's Education
Safety Trust Fund

FROM: Steve Shiver
County Manager

RECOMMENDATION

It is recommended that the Board adopt the attached selection procedures for the awarding of a grant(s) to a Driver's Education Program(s). Upon the adoption of this resolution, the Office of the County Manager will advertise the availability of a grant(s), accept and evaluate applications, and appoint a review panel for recommending a recipient(s) to the Board of County Commissioners.

BACKGROUND

Pursuant to the The Dori Slosberg Driver Education Safety Act, 318.1215, Florida Statutes effective October 1, 2002, the Board of County Commissioners approved Ordinance No. 02-167 on September 24, 2002, creating the Driver's Education Safety Trust Fund. The Ordinance directed the Manager to develop selection procedures and present these to the Board for approval.

The Selection procedures are attached to the Resolution. Those procedures include both the Criteria for Selection as well as the proposed Scoring by the review panel.

Final grant approvals shall be made by the Board of County Commissioners on an annual basis upon recommendation of the County Manager. The grant(s) could be used to cover costs incurred since last October.

The fund began collections in October, 2002. Effective April 17, 2003, it has accumulated \$405,000 with the March collection rate reaching approximately \$94,000, an increase of approximately \$10,000 over February's rate. If the collections continue at this rate, the anticipated projected collections for FY 2002-03, the first year of operation may slightly exceed \$1,000,000.

RESOLUTION # R-864-04

"EXHIBIT E"

MEMORANDUM

Agenda Item No. 7(L)(1)(A)

TO: Honorable Chairperson Barbara Carey-Shuler, Ed.D.
and Members, Board of County Commissioners

DATE: July 13, 2004

FROM: George M. Burgess
County Manager

SUBJECT: Driver's Education Safety
Trust Fund

RECOMMENDATION

It is recommended that the Board award a grant from the Driver's Education Safety Trust Fund (the "Trust Fund") to Miami-Dade County Public Schools in an amount not to exceed total fund collections for the period October 1, 2003 to September 30, 2004, estimated to be approximately \$1.1 million, and authorize the Manager to negotiate, execute, and amend the existing interlocal agreement with Miami-Dade County Public Schools for this purpose after approval by the County Attorney's Office. It is also recommended that the Board adopt the attached, revised selection procedures for the annual distribution of the Trust Fund and authorize the Manager to place an advertisement for FY 2004-05 Trust Fund collections requesting letters of interest from qualified organizations.

BACKGROUND

Pursuant to the Dori Slosberg Driver Education Safety Act, 318.1215, Florida Statutes, effective October 1, 2002, the Board approved Ordinance No. 02-167 on September 24, 2002, creating the Trust Fund and directing the Manager to develop selection procedures for the Board's approval. Pursuant to Resolution R-618-03, the County approved selection procedures and thereafter advertised the availability of grant funding from the Trust Fund in June 2003. On July 22, 2003, the Board adopted Resolution R-858-03 awarding a Trust Fund grant to Miami-Dade County Public Schools in an amount not to exceed total Trust Fund collections for the period October 1, 2002 to September 30, 2003. The resulting interlocal agreement provided for payment in arrears to Miami-Dade County Public Schools for Driver's Education provided during the period October 1, 2002 to September 30, 2003.

The recommendations to extend the existing interlocal agreement with Miami-Dade County Public Schools and adopt the attached, revised procedures are based on the County's experience in implementing a competitive process last year to award the first year of Trust Fund collections; the fact that only one organization, Miami-Dade County Public Schools, responded to the notice of the availability of grant funds and picked up the application materials; only one application, from Miami-Dade County Public Schools, was received by the County; and that no other organization has expressed interest in these funds. An additional consideration was the criteria established by the Board to select organizations for grant awards. These criteria require that: grant funds are to support driver's education programs offered by a public school system or non-profit private school; private driving schools established principally for the purpose of driver education are not eligible;

Honorable Chairperson Barbara Carey-Shuler, Ed.D.
and Members, Board of County Commissioners
Page 2

The curriculum must include behind the wheel experience; driver's education must be offered to private as well as public school students; the grantee must agree to provide appropriate accountability and reporting procedures; and funds may not be used for administrative/overhead expenses. Therefore, it is recommended that the Board approve the revised selection procedures and that authority be granted to the County Manager to negotiate, execute, and amend the existing interlocal agreement with Miami-Dade County Public Schools awarding grant funds, as it is in the best interest of the County.

RESOLUTION # R-741-13

Memorandum

Date: September 17, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

Agenda Item No. 8(G)(1)

From: Carlos A. Gimenez
Mayor

Resolution No. R-741-13

Subject: Interlocal Agreement in the amount of \$2,519,619.35 between The Miami-Dade County School Board and Miami-Dade County for the provision of Drivers' Education

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached Interlocal Agreement between the County and the Miami-Dade County School Board (School Board) for the provision of Drivers' Education by the School Board in the amount of \$2,519,619.35. This amount will be paid from the Driver's Education Safety Trust Fund (Trust Fund) available for the period of October 1, 2011 to September 30, 2012, and provides for payment in arrears for services rendered during that period. The significant increase in the amount requested from the previous year (which was \$388,095.00) is due to the School Board's decision to again provide Driver's Education programs in high schools as opposed to just their adult education facilities. Funding covers all costs associated with providing classroom and behind the wheel instruction to students at thirty-six public high schools throughout the County.

Scope

The impact of this item is countywide in nature as Driver's Education programs are provided in public schools throughout the County.

Fiscal Impact/Funding Source

There is no fiscal impact to the County with the approval of this item.

Pursuant to the Dori Slosberg Driver Education Safety Act, 318.1215, Florida Statutes, effective October 1, 2002, the Board approved Ordinance No. 02-167 on September 24, 2002, creating the Driver's Education Safety Trust Fund. The Ordinance also required the Clerk of the Court to collect an additional \$3.00 with each civil traffic penalty to be used to fund traffic education programs, and directed the Administration to develop selection procedures for adoption by the Board for the award of grants to Driver Education Programs.

Track Record/Monitor

Pursuant to resolutions R-618-03 and R-864-04, the Board approved selection procedures, including criteria, for the distribution of grants from the Trust Fund. To date, the School Board has been the only recipient of funding from the Trust Fund since FY 2003-2004. The Office of Management and Budget, Grants Coordination (OMB-GC) will be responsible for monitoring this Interlocal Agreement.

Background

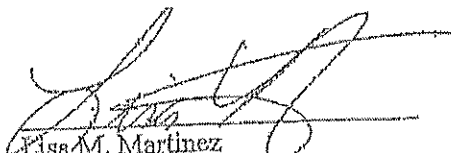

The selection procedures for the Trust Fund require the County to advertise the availability of Driver's Education Safety Trust Fund grants and request letters of interest from qualified organizations. The adopted criteria require the following:

Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners
Page 2

- ♦ grant funds support driver's education programs offered by a public school system or nonprofit private school;
- ♦ private driving schools established principally for the purpose of driver education are not eligible; curriculum must include behind the wheel experience;
- ♦ driver's education must be offered to private as well as public school students;
- ♦ grantee must agree to provide appropriate accountability and reporting procedures; and
- ♦ funds may not be used for administrative/overhead expenses.

The adopted procedures further require that if only one letter of interest from a qualified organization is received, then the County Mayor or the County Mayor's designee will negotiate an agreement and submit it to the Board for approval. For this cycle, the School Board was the only eligible organization to submit a letter of interest.
